

Republican Party of Virginia Weekly Toplines – July 25, 2025

TOPLINE MESSAGING:

- Virginia Republicans have launched a ticket-wide VICTORY PROGRAM to fuel wins up and down the ballot this November
 - This partnership will mobilize voters from every corner of our Commonwealth and deliver wins, from the Governor's Mansion to town council chambers
 - Lt. Gov. Winsom Earle-Sears is spearheading this effort with the same bold leadership that has defined her tenure in Richmond, bringing national attention, unified messaging, and grassroots firepower to help Republicans win across the board
 - The Earle-Sears campaign is specifically dedicating staff and strategic resources to RPV to help build a robust, statewide field operation—one designed to motivate and turn out voters from all backgrounds
- Abigail Spanberger and Virginia Democrats continue to attempt to run from their failed far-left policies that have raised the cost of living and endangered our communities
 - Abigail Spanberger has failed to offer any specifics for how she would bring down the cost of living – because Democrats simply don't know how to do that
 - Ghazala Hashmi and Jay Jones are loyal progressive partisans who have voted with the extreme left-wing of the Democrat Party at every opportunity
- The undeniable record of success of the Youngkin-Sears administration speaks for itself – Virginia will thrive under four more years of the same pro-growth, pro-family policies

All of Abigail Spanberger's "plans" are just a bunch of consultant-approved talking points.

Does she really think we can't see straight through that?

She doesn't have a clue how to improve the lives of Virginia families. Her record in Washington is one continuous failure.

RNC @ChairmanWhatley on the importance of winning Virginia in November:

"This is all about jobs and economy, this is all about making sure our kids in our communities are safe."

Here's Democrat Deep State Liar Abigail Spanberger peddling the Russiagate hoax.

If she lied to Virginians about something as serious as this, what WON'T she lie to you about?

We just can't trust her.

Russiagate CIA hoaxer @SpanbergerForVA: "In 2016 we saw that our elections were tampered with by outside forces. To address that threat, we need to rely heavily upon law enforcement & intelligence communities..."

Virginia Democrats continue to stump for open borders and not enforcing immigration law.

Despite what CNN and Jennifer McClellan want you to believe, deporting people who have ZERO right to be here and have violated American sovereignty is broadly popular.

 **Congresswoman Jennifer McClellan** @RepMcClellan · Jul 21

The Trump Administration's immigration policies are deeply unpopular and do not make our communities safe.

I joined @OmarJimenez on @CNN to discuss the impact in my district and beyond.
